## 2011 Brentwood Area Youth Golf Program (B.A.Y. Golf)

### B.A.Y. Golf's Mission

We recognize that junior players are the future of golf. At B.A.Y. Golf, we strive to grow and improve the game by creating lifelong passion for everything this wonderful pastime offers. The program will cater to all levels of juniors providing professional instruction, teaching proper etiquette and sportsmanship. The program will allow juniors to learn, play and practice on a regular scheduled basis at Shadow Lakes & Deer Ridge Golf Clubs. Most importantly, the kids will learn life skills, make new friends and have fun while participating in this great game.

### Beginners

Beginners are defined as children ages 5-17 who have little or no experience with golf and have had no formal golf instruction. These introductory camps are designed to teach children the fundamentals of the full swing and short game. The atmosphere will be fun and educational and include opportunities to play on the course.

### Intermediates

The intermediate camps and clinics are for children ages 6-17 who have previous experience with golf and formal golf instruction. This program is designed to further educate the children on the fundamentals and also afford them the opportunity to learn more about the game on the course itself. Playing golf, rules, etiquette, sportsmanship and competition will all be key elements to the curriculum. Graduates from the intermediate program will feel comfortable venturing out on their own into any golf environment.

### Advanced

The advanced junior program will provide high level personalized individual instruction and more on-course competition. Geared for the more serious junior, the program will consist of a series of individual or small group lessons with one of our highly trained golf professionals. Advanced juniors will develop their own shot routines, learn about shot selection, understand course management and realize their own strengths and weaknesses.
